

Let's have fun!

Bartosz Krzemiński
CEO, Buglo Play

Children need spaces that support them to become exceptional adults. In an era of smartphones, rising mental health concerns, and growing rates of childhood obesity, I truly believe that the spaces we create at Buglo can play a meaningful role in fostering positive change.

Buglo's playgrounds and sports areas contribute not only to children's health by encouraging daily outdoor activity, but also provide places where young people can develop social skills by interacting with their peers. Stepping away from ever-present screens, children in Buglo-designed spaces build friendships, learn teamwork, and experience tolerance and empathy. They also gain a sense of respect for the natural world around them.

Playgrounds are more than just a place to have fun - they offer controlled opportunities to take risks, helping young people build confidence that may later blossom into a sense of agency and self-efficacy.

The world needs empowered, cooperative, and tolerant individuals. These are the people who have the potential to make the world a better place. I believe that by creating environments that foster children's growth, we are contributing to positive, lasting change.

Andrzej Sas
Board Member, Buglo Play

Our mission to support children's development is a responsibility we take to heart. In designing new products, we focus on many factors: development, safety, and design. As we create each new piece of equipment, we consult with children about their playtime dreams and engage with experts from the Buglo Experts Circle to discuss how various activities influence children's development.

The year 2024 was a fruitful one for Buglo. We introduced over 100 new standard devices and thousands of unique modifications. I believe these additions will bring smiles to millions of children around the world. Behind these smiles lie new friendships, cherished memories, and discoveries that help children grow.

The universal appeal of the benefits that Buglo playgrounds bring is clear, with our products being **appreciated across more than 60 countries, from France to New Zealand, Saudi Arabia to Chile. Play transcends cultural norms, bringing together people of all ages.**

I hope this catalogue inspires hundreds of thousands of playground designers to create unique spaces filled not only with joy but with opportunities for growth - growth that every child deserves, no matter where they live, their level of ability, or their age.

How do we know that Buglo playgrounds meet children's needs?

We have evidence from several sources!

Talking with children

Every month, we open Buglo's doors to our youngest testers, because who better to tell us what's truly fun? Their energy and honest feedback let us know what really works.

Listening to architects

Our close collaboration with architects helps us understand their needs. Regular consultations enable us to create spaces that blend functionality with appealing design - spaces that not only catch parents' eyes but also bring joy to their children.

Learning from experts

Thanks to the guidance of experts in the Buglo Experts Circle, our cognitive scientists, psychologists, and physiotherapists, Buglo playgrounds support healthy development, physical activity, and social integration.

Prioritising safety

Safety, durability, and reliability require ongoing attention. We conduct internal checks and proudly engage with external institutions for certification. Our products meet all the required standards, and earn the necessary certifications.

Inclusivity

At Buglo, we believe that every child deserves the joy of play!

A playground is a space where children can meet new friends and experience teamwork, gaining tolerance, empathy, and support. To ensure no one is excluded, we offer inclusive equipment that all children can enjoy, regardless of ability level. On our playgrounds, everyone is equal and can share the same joy.

What to know about our inclusive products

Our equipment incorporates a range of features to provide enjoyable and developmental play for children with different needs. Textures, shapes, and sound cues enrich sensory experiences, engaging children for hours.

Safe

We've ensured a high level of safety with added railings, anti-slip mats, and hand grips.

Adapted to needs

Learning and play elements are positioned at heights accessible to children in wheelchairs, so everyone can participate.

Accessible to all

Wide platforms enable children in wheelchairs to use our equipment comfortably.

Design

What makes our **design unique?**

Technologies that Inspire

SHAPE

WAVE MASTER

A method that allows pipes to be bent at any angle while preserving the integrity of the steel surface, enabling sleek and flexible structures.

COLOUR

WAVE MASTER

A painting technique that merges two colors seamlessly, achieving a natural blended effect that adds depth and dimension to the design.

ROTO

FORM MASTER

A technique for molding plastics into any desired shape, opening up endless possibilities for creativity and innovation.

CUSTOM ART

MASTER

A technology that allows any graphic to be permanently transferred onto HPL panels, creating durable and vibrant visual effects.

Recycled

In harmony with nature - **Recycled Line.**

Children's well-being is our priority, which is why we continuously improve our playgrounds to bring joy, support development, and encourage growth in harmony with nature.

We're committed to ensuring that the world of our future generations doesn't drown in waste, so we use recycled materials and resources from sustainable sources.

Most of our products are available in eco-friendly versions, helping to reduce pollution and lower the carbon footprint. Many of the materials we use are also recyclable, allowing them to be repurposed for future use.

Custom Modifications

Since 2023, our Creative Project Team has been creating dream playgrounds tailored to our Partners' visions.

The team - composed of a manager, designer, and project planner - works under the motto **„Let's make more fun.“**

Together, they ensure that each playground meets the expectations of investors, but most importantly, brings joy to the children who play there.

We have helped create many unique spaces with distinct styles and characteristics that fully address our clients' specific needs. Explore our projects and find inspiration!
